America’s Best Commercial Van Warranty
5 YEARS/100,000 MILES’ BUMPER-TO-BUMPER LIMITED WARRANTY

Going above and beyond is the Nissan way. After passing all of the brutal quality and durability testing we can think of, we’re sure you’ll have a van you can count on. To prove our confidence and our commitment, we are pleased to introduce America’s Best Commercial Van Limited Warranty. A bumper-to-bumper limited warranty for 5 years or 100,000 miles, whichever comes first. And that means we’ve got your back, so you can keep moving forward. For more details of the warranty, please go to www.NissanCommercialVehicles.com or ask your Nissan Business Certified Dealer.

Claim based on years/mileage (whichever occurs first) covered under the 2015 New Vehicle Limited Warranty basic coverage. Comparison based on Ward’s Light Vehicle Segmentation: 2015 Nissan NV® Cargo, NV® Passenger vs. 2014 and 2015 Large Van Class; 2015 Nissan NV200® vs. 2014 and 2015 Small Van Class. Comparison based on publicly available information on manufacturers’ website. Nissan’s New Vehicle Limited Warranty basic coverage excludes tires, powertrain coverage, corrosion coverage and federal and California emission performance and defect coverage (applicable coverage is provided under other separate warranties). The powertrain coverage is 5 years or 100,000 miles (whichever occurs first). Other coverage limitations and exclusions apply. For complete information concerning coverage, conditions and exclusions, see your Nissan dealer and read the actual New Vehicle Limited Warranty booklet. Warranty claim is current at time of printing.
WHAT IF YOUR FAMILY VEHICLE HAD REAL TEAM SPIRIT?

With the 2015 Nissan NV® Passenger, there’s always room for more. Whether it’s taking little leaguers and gear to the game, sharing a multi-family vacation or being the king of the carpool, NV® Passenger transports your expectations as well as your passengers, with room for 12 and a class-leading 324 seating configurations.1 And getting to those seats is easy, with a sliding side door and a low step-in height. Confidence comes along for the ride with integrated headrests and seat belts and standard roof-mounted side-impact supplemental curtain air bags with rollover sensor for outboard occupant head protection for every row.2 Innovative heating and cooling keeps everyone comfortable, too. The out-front engine design provides improved driver comfort, easier engine access for servicing, and the durability of a full-length, fully boxed ladder frame and the largest brakes in its class.3 It all adds up to a team player we can all cheer for. 2015 NV® Passenger.

1 Ward’s Light Vehicle Segmentation. 2015 NV® Passenger vs. 2014 and 2015 Large Van Class. 12-passenger seat vans compared. 2 Air bags are only a supplemental restraint; always use your seat belt. Rear-facing child restraints should not be placed in the front passenger’s seat. All children, 12 and under, should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. See Owner’s Manual for details. 3 Ward’s Light Vehicle Segmentation. 2015 NV® Passenger vs. 2014 and 2015 Large Van Class. Based on rotor size.
PACK IT IN. MOVE ’EM OUT.

NV Passenger not only gives you space, it gives you unbeatable flexibility when it comes to carrying passengers and cargo. A choice of fore or aft positions in the 2nd- and 3rd-row seats means impressive stretch-out room; a real plus for taller or larger family members. And with six individually removable seats, you can do amazing things like having room for eight while fitting items up to ten feet long – all without the hassle of using a roof rack.

Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, will limit the handling and stability of the vehicle.
NISSAN FLEXIBLE SEATING

324 SEATING CONFIGURATIONS. 1 INCREDIBLY VERSATILE VEHICLE.

What do you want to do today? With a class-leading 324 seating configurations, NV® Passenger is up for it. As a people-mover, you can adjust the class-leading 6 independent rear seats to carry 12, or carry fewer passengers with limo-like space. Unlike the limousine, NV® Passenger seating adjusts and removes easily, letting you carry gear for just about any adventure you can think of. So go ahead and plan that dream vacation or the next run to the local discount warehouse. With easy access for everybody, and up to 218.6 cubic feet of cargo space, you’re good to go.

Maximum passengers
Easy entry and exit
Room for eight and cargo*
Up to 10’ long items*
Maximum cargo*

*Based on Ward’s Light Vehicle Segmentation. 2015 NV® Passenger vs 2014 and 2015 Large Van Class. 12-pax vehicle not compared. *Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle and cargo, especially on the roof, will affect the handling and stability of the vehicle.

Bring it on. NV® Passenger not only gives you flexibility in carrying people and gear, it gives you enormous room. With 12 passengers on board, you still have nearly 19 cubic feet of cargo space. Remove the fourth row seats and the volume jumps to 51.7 cubic feet. And if you remove the third row as well, you’ve still got room for five passengers and 86.1 cubic feet of space.
EVERY TRAVELER DESERVES AN UPGRADE.

NV® Passenger takes rider comfort to the next level. Getting to your seat is easy, with large aisles and plenty of space between rows. Seats feature an individual backrest design, independent headrests and integrated shoulder belts for comfort and security. Slide-out under-seat cup holders, overhead A/C vents and available reading lights and power outlets provide comfort and convenience. There are even two floor heater vents for every row, with dual heater units in the front and rear so no one’s left out in the cold. There’s no need to fight over who gets to sit where – every seat is the best one in the house.

For your comfort, NV® Passenger goes the extra distance to make any trip more comfortable. The available third-row 12-volt power outlet is ideal for charging a tablet; while under-seat cup holders are strong enough to handle abuse, and conveniently slide under the seat and out of the way. Available dual-zone front air conditioning lets those up front custom-tailor their comfort.

External device not included.
A PASSENGER VAN WHERE EVERYBODY WINS.

Cargo shown for display purposes only. Cargo and load capacity is limited by weight and distribution. Always secure all cargo.

Heavy loading of the vehicle with cargo, especially on the roof, can affect the handling and stability of the vehicle.
NV Passenger not only gives you space, it’s designed to make it easy to use every inch. The rear doors swing wide, opening 243°, and are held in place with powerful magnetic door stops. The easy-sliding side door creates a wide opening and with a low step-in height, there’s easy access for everybody. And when you take out the easily removable 4th-row seats, you’ve got room for eight plus massive cargo space that would make any minivan or full-size SUV jealous.¹

¹Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, can affect the handling and stability of the vehicle. ²The Sonar System is a convenience, not a substitute for proper parking and/or backing procedures. Always check that it is safe to do so before moving vehicle. May not detect every object.

Available front and rear sonar help you get close, but not too close, to loading and unloading areas.³

Powerful magnets hold the cargo doors securely in their fully open position.

Integrated roof rack-mounting points help secure racks and help reduce likelihood of rusting caused by drilling into sheet metal.

³Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of the vehicle with cargo, especially on the roof, can affect the handling and stability of the vehicle.
BUILT FOR THE LONG HAUL.

Designed to transport your expectations as well as your passengers, NV Passenger sets the standard for business transportation. With a full-length, fully boxed ladder frame and the largest brakes in its class, it’s built to provide years of tough, reliable performance. The out-front engine design provides improved driver comfort and easier engine access for servicing. And it’s a winner for customers too, with low step-in heights and comfortable seating with integrated headrests and integrated seat belts. Once they’re seated, passengers will find innovative heating and cooling to help keep them comfortable and luxury touches like individual overhead lighting and available multiple power points. It might just be the best part of a business traveler’s trip. And with comfortable drivers, satisfied passengers and a profitable bottom line, it’s the smart way to run a business too.
COMFORT, CONTROL AND CONVENIENCE.

The job title may say driver, but you can also add part-time skycap, cashier, entertainment director, and company representative to the list. NV Passenger helps you excel at all of them, providing outstanding room and superior visibility for easier maneuvering. There’s dedicated storage for everything from clipboards to business cards, and advanced technology to help keep you on time, and your passengers comfortable and entertained. Job well done.

Cargo shown for display purposes only. Cargo and load capacity limited by weight and distribution. Always secure all cargo. Heavy loading of vehicle with cargo, especially on the roof, will affect handling and stability of the vehicle.
BECAUSE BUSINESS IS ALL ABOUT CONNECTIONS.

Never miss a beat with the available Technology Package. Featuring NissanConnect™ with Mobile Apps, you've got a suite of high-tech features to help you keep you in business, easily accessed through a 5.8" touchscreen with Voice Recognition. The package also includes the advanced Nissan Navigation System, hands-free text messaging assistant, Bluetooth® hands-free calling and a convenient RearView Monitor.

Text-to-speech – A notification on the screen appears when a text message is received. Touch the prompt on the screen, and the message is read to you through the audio system.

Navigation – Real-time traffic updates help keep you clear of traffic jams. 3-D perspective Points of Interest (including ATMs), restaurants, and gas stations.

XM® Weather – Knowledge is power, and with NavWeather you're in the loop with forecasts and on-screen severe weather alerts that could affect your drive.

Text is serious business. Only use NissanConnect™ services when safe to do so. Subscription Agreement required. Compatible smartphones required. Not all app features are available for all models. Some apps have late availability. May require dealer service visit or software upgrade to activate. Never program while driving. GPS mapping may not be detailed in all areas or reflect current road status. Cellular network not available in all areas. Cellular network, apps, and services, including Google® services, are provided by independent companies not within Nissan’s control and may require subscription and owner consent to activate. Should provider terminate/restrict service, service may be terminated without notice or liability to Nissan and/or its agents. Nissan not responsible for any equipment replacement or upgrades, or associated costs, that may be required for continued operation due to service changes. NISSAN SAFETY SHIELD® PHILOSOPHY

INNOVATION THAT LOOKS OUT FOR YOU.

Wouldn’t it be cool if you had the confidence you need for every part of your drive? The Nissan Safety Shield® Technologies™ are a comprehensive approach to safety that guides the engineering and development of every vehicle we make.

STANDARD AIR BAGS

• (2) Dual-stage supplemental front air bags
• (2) Front seat-mounted side-impact supplemental air bags
• (2) Roof-mounted curtain side-impact supplemental air bags with rollover sensor for front occupant head protection
• (2) Roof-mounted curtain side-impact supplemental air bags with rollover sensor for 2nd–4th row outboard occupant head protection

PROTECT

When a collision is unavoidable, advanced technology helps minimize injury and helps keep you safe. Nissan’s Zone Body construction further strengthens that line of defense, helping to absorb impact and protect everyone on board.

Eight Standard Air Bags

• (2) Dual-stage supplemental front air bags
• (2) Front seat-mounted side-impact supplemental air bags
• (2) Roof-mounted curtain side-impact supplemental air bags with rollover sensor for front occupant head protection
• (2) Roof-mounted curtain side-impact supplemental air bags with rollover sensor for 2nd–4th row outboard occupant head protection

RESPOND

Whether you need to hit the brakes hard or maneuver around an unexpected obstacle, these standard technologies help you respond in a potentially harmful situation.

• Vehicle Dynamic Control®
• Traction Control System (TCS)
• Anti-lock Braking System
• Brake Override Technology
• Brake Assist®
Passenger has been engineered from the bottom up to give you the kind of reliability and durability you need to ensure a solid bottom line for your business. It’s built on a full-length, fully boxed frame for a long service life. The largest brakes in its class provide confident stopping power, while standard VDC helps keep you on your steered path. Whether you choose a fuel-efficient V6 or powerhouse V8 engine, you ride with state-of-the-art technology. With up to 8,700-lb. towing capacity, you can bring what you need, when you need it. And since both engines run so efficiently, you’ll never have to worry about logging idling time again.

Largest brakes in its class. Whether it’s 12 on board, a load of gear, or a combination of the above, confident stopping power can’t be neglected. That’s why NV Passenger is equipped with 14.2" front, 14.4" rear, four-wheel vented disc brakes – the largest in its class.

Powerful choices. NV Passenger’s 24-valve, 4.0-L V6 features an advanced Continuously Variable Valve Timing Control System that delivers seamless power with optimum fuel efficiency.

Step up to the 32-valve 5.6-L V8 and you’ll find an aluminum block with a forged crankshaft and cast-iron cylinder liners for maximum strength. Both engines feature specially coated piston skirts and microfinishing of key components to help reduce friction, for smooth response and less wear and tear.

Suspension and ride. Based on the heavy-duty components of NV Cargo, Nissan engineers specially tuned the suspension of NV Passenger for rider comfort.

![Power to choose.](image-url)
GENUINE NISSAN ACCESSORIES.

Every Genuine Nissan Accessory is custom-fit, custom-designed and durability-tested. Each one is backed by Nissan’s 5-year/100,000-mile (whichever occurs first) limited warranty (if installed by dealer at the time of purchase), and can be financed when installed by dealer at time of purchase.

A. Carpeted Floor Mats
Look great and help keep your carpet looking new.

B. All-season Floor Mats
Because the weather outside isn’t always delightful.

C. Carpeted Rear Floor Mats
Because traffic inside is just as heavy as traffic outside.

D. Telescoping Tow Mirrors
Telescoping mirrors slide outward for enhanced visibility.

E. Hood Protector
Give your hood a fighting chance against bugs and road grime.

F. Auto-dimming Rearview Mirror
Don’t let bright headlights get in your way.

G. Weight-distributing Hitch Ball Mount, Class IV
Makes for a safer ride when towing heavy loads.

H. Body Side Moldings
Just say no to parking lot dings, dents and scratches.

Additional Accessories:
• Splash Guards
• Towing Accessories
• Side-window Deflectors
• And More

- NV® Cargo High Roof Graphic Package

---

**Visualize your logo on an NV® Passenger.**

Ready to put your advertising strategy on wheels? Visit www.nissancommercialvehicles.com and see how great your new vehicle looks with your logo.

---

**Take the Next Step**

One of the most attractive features about NV® Passenger is its ability to fit the needs of your business. Simply click on the links below and you can design a vehicle — inside and out — that's perfect for you.

1. Go to www.nissancommercialvehicles.com and design a Nissan NV® Passenger.
2. Contact your local Nissan Commercial Dealer for more information on available lines of credit, including the Commercial Incentive Program, and will be able to choose from the following complimentary options: cargo management equipment, graphics packages, or cash back — offers vary by model.

---

**What is a Business Certified Dealer?** It's a Nissan Commercial Dealer that specializes in selling and servicing the entire NV lineup. Only Business Certified Dealers offer exclusive commercial incentive packages, while providing dedicated Commercial Vehicles Account Managers and Priority Service. We offer complimentary upfit packages as part of our exclusive commercial incentive program. We also offer Commercial Lending Programs, and much more.

Here are just some of the key benefits you will discover when using a Business Certified Dealer:

- Priority Service with Next Available Bay and Next Available Technician
- Special Commercial Lending programs, including available lines of credit
- Dedicated Commercial Vehicles Account Manager to handle commercial customer transactions at your location
- Fleet Pricing available for qualified accounts
- 24-hour towing with Roadside Assistance, including Trip Interruption reimbursement on select models
- A commercial sales and service experience that fits your schedule

What makes an NV® Passenger the right choice for your business?

- Complementary shuttle service
- Available Demonstrator Vehicles
- Mailings with notice of special offers and incentives
- Access to Commercial Vehicles inventory
- Commercial service advisors to get you on the road quickly and maintain downtime.
- Qualifying customers will receive support from the Commercial upfit Incentive Program, and will be able to choose from the following complimentary options: cargo management equipment, graphics packages, or cash back — offers vary by model.

Nissan’s environmental action plan focuses on several key areas: increasing production of Zero Emission vehicles, including the 100% electric LEAF®; Improving fuel efficiency through our PURIDRIVE™ measures; and reducing the environmental impact of manufacturing, as seen at our new, energy-efficient, low-emissions paint plant in Tennessee. For more information, log on to NissanUSA.com/green.

---

**Customer Commitment**

Your vehicle is more than just basic transportation, it’s what makes your business run effectively. At Nissan Commercial Vehicles, we understand our part in making your business run cost-effectively. That’s why we’ve partnered with our commercial certified parts and service dealers to ensure we are there for you when you need us. As part of our parts and service commitment to you, we will ensure the following at every Business Certified Dealer:

- Rostride Assistance and Trip Interruption: Our commercial vehicles come with the confidence of Roadside Assistance, offering lockout support, towing services, emergent fuel delivery, tire changes and battery jump-start services. Our Trip Interruption benefits offer assurance if your vehicle becomes disabled more than 100 miles from your company’s location.

Service and maintenance plans. Designed specifically for Nissan Commercial Vehicles and backed by Nissan, a wide variety of service plans are available to you, including high-mileage options. Your authorized Business Certified Dealer has all the details, and will be glad to help you find the plan that best fits your business needs.

We’ve got you covered. Every Nissan Commercial Van is backed by a 5-year/100,000-mile (whichever comes first) limited vehicle coverage and a 8-year/100,000-mile (whichever comes first) limited powertrain coverage. Use your Commercial Certified Dealer or reference the Nissan Owner’s Manual for details. For extra protection, you can also add Security+Plus®, the only extended service agreement approved by Nissan.
